

## Film Type Polymer Dispersed Liquid Crystal

### Film PDLC

#### Features

- "Frosted" and "clear" switching
- No need of mask
- 8 Multi-color
- High brightness and contrast
- Wide viewing angle
- Low cost

#### Applications

- Light control panel
- Amusement
- Privacy screen
- Show window

#### Specifications

Viewing angle	Wide (70 ° min.)
Operating Voltage	40V AC
Current Consumption	300mA max/m <sup>2</sup>
Thickness	0.35mm
UV endurance	3 years min. exposing to natural light source.
