

Dual shaft Gang Potentiometer With Power Switch

TP96D00N

Feature

- Slim & Small size
- Dual resistors and switch
- Water proof IP67(option)

Application

- Car audio
- Audio equipment
- Communication

Specifications

Potentiometers

Operating Temperature Range	-20 to 70
Rated Power	0.05W
Maximum Operating Voltage	10V DC, 50V AC 50 ° max.
Resistance value range	1K ~ 500K
Total Resistance Tolerance	+/- 20%
Resistance Taper	A, B, C
Rotating torque	2.0 ~ 24.5 mNm
Life	15,000 cycles
Total Rotation Angle/Travel	300+/- 5 °

Switch

Switch circuit	Rotary Switch SPST
Rated voltage and current	16V DC 3.0A
Operation angle	50 ° max.
Operating torque	78.4mN/m max.
Life	10,000 cycles min.
